- **GENERAL INSTRUCTIONS:**
- Working language: French and English
- All presentations must use the reporting grid provided by the coordinator and attached as an appendix
- Presentations must be written by the partners together with the European referent (at distance or during missions) and their European referent will have to validate all proof documents before the GPI
- **Some points of the reporting grid have to be presented in detail some points only have to be transferred with all proof documents to the coordinator (*see each individual point*).**  
**The whole completed grid from point 1 to the end has to be handed over to the coordinator with all proof documents as electronic files!**
- Attention –if it is marked “presentation by the leading regional university” this means that the presentation must cover in the grid the productions and activities of ALL the partner universities of their country.
- Otherwise if it is marked “presentation by the university Px”, this means, only the activities of this university have to be presented by the participant of the university concerned
